Inspiring People worldwide

From the Inspiration Desk

Jay Pujara
Inspirer

As humans we always try to find the best things for ourselves and for everyone around us. And when it comes to choose something for our kids we try to find the best of all things for them. It could be in terms of education, extracurricular activities, vacations and/or gifts.

Though overlooked sometimes it is found in current times that in spite of great education the one skill that makes big difference for becoming a successful individual is the skill to communicate effectively.

The great thing about communication is that it is a skill and is learnable. Children can learn to be effective communicators when we give them an opportunity to learn and masters this skill at a very early age. Inspiration Masters has started this movement to provide children this learning opportunity.

Conclusion

Are you ready for the next speaking opportunity?

In Quotes

"If your actions inspire others to dream more, learn more, do more and become more, you are a leader." **John Quincy Adams**

Word-Power

Optimism

 noun (*op-thu-miz-uh m*)

A disposition or tendency to look on the more favorable side of events or conditions and to expect the most favorable outcome.

Funnies!

Mom texts, "Hi! Son, what do IDK, LY, & TTYL mean?" He texts back, "I Don't Know, Love you, & Talk to You Later." The mom texts him, "It's ok, don't worry about it. I'll ask your sister, love you too."

In conversation with Ramya Enugu

Shreyu Ka Dabba-Tiffin Box Ideas

Are you confused about what to pack in your or your family's lunch every day? Finding healthy food choices and that too the ones that are appealing and tasty is not an easy task.

We got an opportunity to interview Ms. Ramya Enugu who has not only found a solution for herself but shared her outstanding ideas with several people. Her Facebook page "Shreyu ka Dabba" (Shreyu, her son's, lunch box) has brilliant lunch box ideas.

Ms. Ramya Enugu is a science teacher and a researcher. She teaches at a charter school called Great Hearts in Irving. She holds a Bachelor's degree in Pharmaceutical Sciences from Jawaharlal Nehru Technological University in India and Master's degree in Science Education from Texas Christian University. She researches about the challenges teachers face while teaching science and solutions they come up with.
